WFC ELIGIBILITY SCREENING RECORD

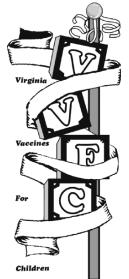

A parent, guardian, or health care provider should complete this form before the patient's first VVFC eligible immunization. The form <u>must be kept in the patient's chart</u> as a record for verification when administering other VVFC vaccines. A new form should be completed and attached once the rows in the chart below have been used. The provider may establish and maintain a separate Screening Folder in which <u>copies</u> of all their VVFC Eligibility Screening Records are kept.

Patient's Name:	First	 Middle
